

A Regional
Leader in
Mental Health
With a State-of-the-art
FDA Approved
Treatment for Depression

THE PSYCLINIC

A REGIONAL LEADER IN MENTAL HEALTH

At The Psyclinic, we strive to be the regional leader in mental health services by providing diagnostic, interventional, psychiatric and therapeutic services from a multi disciplinary team of competent and compassionate providers dedicated to address each client's unique psychological, spiritual and emotional need.

From child, adolescents to adults and geriatric populations; we serve our clients from 3 different locations throughout the Houston. Covering most of the southeast and Northeast and Uptown Houston, The Psyclinic is considered the largest psychiatric practice in the Houston metropolitan area.

Delivering essential psychiatric and psychological care such as:

- ADD-ADHD
- ANXIETY
- DEPRESSION
- BIPOLAR DISORDER
- PHOBIAS AND PANIC ATTACKS
- GRIEF, ANGER AND ADJUSTMENTS DISORDERS
- LEARNING DISORDERS
- MARRIAGE AND COUPLES COUNSELING
- TMS (Trans-cranial Magnetic Stimulation) of the brain. FDA approved non-drug treatment for resistant depression.
